Sponsorship Support

2021 Race Season

The generosity and support of my sponsors, led to the continued learning opportunities, drive and success in the race season. Running up to 4 classes in the same car provided countless laps visiting more tracks across the United States from Adobe Mountain in Arizona; Honor Speedway, El Paso County, and I-76 in Colorado; Sweet Springs Motorsports Complex; Port City Raceway in Tulsa; and the famed Tulsa Shootout at the Tulsa Expo Center.

I developed a website to increase promotion of sponsors and those that support my dreams. The site www.chasespicola.com continues to gain traction along with increased presence on social media for Chase Spicola Racing.

The race year would not have been possible without the support of my sponsors, my family, and the Ernst family. They have taken me in as their “little buddy” and there are several races that wouldn’t have been possible without their support.

Drive for 2022

For the new year’s season, Chase Spicola Racing is continuing the drive and challenge of new tracks, series, and classes in micro sprints divisions. I am excited to announce the continued partnership with Page Construction with an Outlaw Micro Sprint that will provide a second car to the race team and additional competitive classes. My little brother, Enzo Spicola, will begin his rookie year in the restricted class. While the schedule is still being developed, we are making a commitment to new tracks while continuing to support local events when possible.
